

May we present: Eco, Pro, and Drive

For decades, IMS Gear has ranked among the leading manufacturers of planetary gears for a great variety of industries worldwide. We always focus our efforts on the optimum alignment of our solutions with our customers' requirements. This was exactly the guiding principle behind **relabeling our product lines: Eco, Pro, and Drive.**

With **Eco, Pro, and Drive**, three lines are now available - designed and developed in consistent orientation toward the specific requirements of our customers. The Eco Line continues our previous PK Planetary Gears, Pro our previous PM Gears, and Drive the previous C (Compact) Gears.

The **Eco Line** represents our plastic planetary gears that not only convince by good performance but also by a highly efficient price-performance ratio.

With the **Pro Series**, you count on our metal planetary gears that are always first choice when it comes to performance, robustness, service life, and reliability. Finally, the **Drive Series** is the ideal solution for the peculiar requirements in the field of wheel drives.

Brief, clear, and consistent: Eco, Pro, and Drive now make it even easier to get the perfect planetary gear. With minor changes, a multitude of products is also available as **Low Noise (LN) variants**. Furthermore, with the **MAX** variant we offer a solution that relies on radial rather than axial screwing or welding - for more performance in less installation space.

For easy download as a PDF file, we have created a tabular overview to allow for a complete allocation of the previous to the new product lines

	Product designation old	Product designation new
Eco	PK 22-R	IMS.22 Eco MAX
	-	IMS.28 Eco MAX LN
	PK 32	IMS.32 Eco
	-	IMS.33 Eco MAX LN
	PK 42	IMS.42 Eco
	-	IMS.42 Eco MAX LN
Pro	PM 22-R	IMS.22 Pro MAX
	-	IMS.28 Pro MAX LN
	PM 32-LN	IMS.32 Pro <i>LN</i>
	-	IMS.35 Pro MAX LN
	PM 42-LN	IMS.42 Pro <i>LN</i>
	-	IMS.45 Pro MAX LN
	PM 52-LN	IMS.52 Pro <i>LN</i>
	-	IMS.53 Pro MAX LN
	-	IMS.60 Pro MAX LN
	PM 62-LN	IMS.62 Pro <i>LN</i>
	-	IMS.71 Pro MAX LN
	PM 72-LN	IMS.72 Pro <i>LN</i>
	PM 81-LN	IMS.81 Pro <i>LN</i>
	-	IMS.88 Pro MAX LN
	PM 105-LN	IMS.105 Pro <i>LN</i>
	PM 120	IMS.120 Pro
Drive	PM 62C-LN	IMS.250 Drive <i>LN</i>
	PM 81C-LN	IMS.700 Drive <i>LN</i>
	PM 105C-LN	IMS.1000 Drive <i>LN</i>
